***Examiner's Statement of Reasons for Allowance***

1. Claims 1-13 and 15 are allowed over the prior art.
2. The following is an examiner's statement of reasons for allowance: Allowable subject matter has been indicated because the closest prior reference of record, Udagawa et al. (U.S. Pub. Application 2005/0121693 A1), either alone or in combination fails to teach or fairly suggest the feature, "wherein the respective layers constituting the light-emitting device are arranged in the order of the light-permeable substrate, the conductive boron containing Group III-V compound semiconductor layer, the upper clad layer, the light-emitting layer and the lower clad layer."
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
